- > We will operate with honesty and integrity as we continually work together for the benefit of our customers and our company.

## CAPABILITIES

**BROADLINE DISTRIBUTOR:** offering a complete selection of foodservice products from national brands, specialty purveyors and PFG value-added brands.

**TRUSTED PARTNER:** servicing over 2,600 accounts within a 75-mile radius of New York City including premier B&I, education, casual theme restaurants, family restaurants and health care facilities.

**INNOVATIVE LEADER:** uniquely qualified to satisfy all your foodservice needs and help your business grow with value-added consultive services, strategic programs and our trusted team of over 320 professionals.

## HISTORY

AFI has been distributing food and food related products in the greater New York metropolitan area for almost fifty years. Founded in 1955, AFI operated independently until 1997 when the company joined forces with Performance Food Group. The company's new distribution facility is strategically located in Elizabeth, NJ. In 1999, State Hotel Supply, a custom meat fabricating facility, was acquired to enable AFI to offer a full line of fabricated beef, pork, lamb and poultry.

# What Has Made Us Successful:

**Our Customers.**

**Our Associates.**

**Our Supplier Partners**

## **Our INTEGRITY**

We place the highest value on respect and honesty. We encourage innovation and actively seek to contribute to the well being of our surrounding communities.

We want to win, but to do so fairly. We will never set aside our principles for the sake of winning. We regard each company or individual partnering with Performance Food Group to be a member or our team, with reasonable responsibilities and rights that build long-lasting partnerships.

Our primary objective is to add value for our customers at a price that is commensurate with the quality of our products and services. Success in attaining that objective will inevitably provide a positive long-term return for our shareholders, a rewarding environment for our associates, and build distinctive customer relationships.

While our company is aggressively growing, we will never lose sight of what has made us successful: our customers, our associates, our supplier partners and our integrity.

Our continued success depends on all of us maintaining the high standards we have set for ourselves and the standards others have come to expect from Performance Food Group.
